

Public Property Committee Meeting

April 25, 2017 meeting of the Highland Village Board Public Property Committee was called to order at 6:10 p.m. Present board members at the village maintenance garage for the meeting were Susan Washa, Dennis Richgels & John Kreul. Others present were Tom Hebgen and Andy & Danielle Skala.

Prior to the meeting Tom Hebgen staked out the property lines and where the 40' X 48' storage shed would be built. Tom mentioned we could continue to store the snow plow truck and street sweeper in the existing maintenance building which would allow the height of the new shed to be reduced and save on cost. We also discussed the possibility of shifting the building to the east or positioning it at an angle to fit better on the lot.

Meeting adjourned at 7:15 p.m.
